

Floating Head Systems

**Shallow Draft Floating Head Skimerator with high temperature air pump.
Order part no. 3717F**

Model 3717F shown

SKIMERATOR® *Portable Systems*

- ◆ **Ideal for use when the system must be frequently moved between machines.**

A rugged stand with castors allows easy moving, even with the reservoir full. A storage shelf provides space for the pump and skimmer box when moving.

Mounting holes for an air pump have been provided in the portable stand.

**Shallow Draft Skimerator with electric pump on portable stand
Order part no. 3200W**
